

Thank you for your purchase from Gill Learning’s website. Your purchase is subject to our **Terms and Conditions**, which are easily available for download from the footer section of every page on our website. In line with those same Terms and Conditions, your download and usage of any purchased product(s) are subject to our **Teaching and Learning Resource Licence**, as outlined below. All Rights Reserved.

## Teaching and Learning Resource Licence

*Please note: Our “Teaching and Learning Resource Licence” is NOT a Creative Commons 4.0 Licence. Read more below.*

If you made a one-time purchase of a digital product or a bundle of digital products through the Gill Learning payment portal, then your purchase grants you **limited licence** to **download** and **use** the purchased product(s), subject to the printing, digital use, sharing, and editing **restrictions** laid out in this licence document.

Likewise, if you purchased a **subscription plan** which entitles you to download digital product(s) from the Gill Learning website “Resources” page(s), then your purchase grants you **limited licence** to **download** and **use** the purchased product(s), subject to the printing, digital use, sharing, and editing **restrictions** laid out in this licence document, for as long as the relevant subscription plan through which the product(s) was downloaded remains **active** and **valid**.

	One-Time Purchase	Via a Subscription Plan
For how long am I allowed to download my purchased digital product(s)?	30 days	30 days, or the remaining active duration of your subscription plan, whichever is longer
For how long am I allowed to use my purchased digital product(s), subject to the printing, digital use, sharing, and editing restrictions?	In perpetuity	The remaining active duration of your subscription plan

## Printing

You are authorised by *Gill Learning* to print and/or make copies of the materials included in your purchase or subscription for **personal use** and/or **classroom instruction only**, for as long as your licence remains valid (see the table on Page 1). If and when your licence expires due to the end of a subscription, or otherwise, then your authorisation to print and copy purchased materials expires immediately as well.

## Digital Use

Your purchased product(s) may **not** be displayed digitally outside of **conventional private study** and/or **classroom instruction** settings, except as noted below, subject to your being a valid licensed user:

1. The product(s) may **not** be emailed to your students on record, nor to their designated parents or guardians (see “Sharing” below).
2. The product(s) may **not** be uploaded to your Google Drive, OneDrive, iCloud, or Dropbox folders (or similar “cloud” storage locations) for the purpose of sharing the product or to allow access by non-licensed users (see “Sharing” below).
3. You may record yourself using the product(s) to teach, but the video may only be distributed to your students on record in a non-public (access restricted) manner. Video or audio recordings of licensed materials may **not** be re-used after licence expiry.
4. The product(s) may **not** be uploaded to any public website, shared directory, or open third-party educational platform. Failure to comply is a Copyright infringement.
5. Clipart, vector graphics, and other animated elements are subject to Copyright, and may **not** be extracted for “standalone” use outside of the original file(s) to which they belonged (see “Editing” below).

## Sharing

By making your purchase, you have been issued with a single licence for your own use. The purchased product(s) may be **used only by you**, the licensed user, subject to the permissions and restrictions under the terms of this licence. **Copying** or **sharing** any digital content licensed to you by *Gill Learning* with another student, pupil, teacher, tutor, class, classroom, department, school, academy, or trust is **prohibited** without exception.

However, if the licensed user is a parent or guardian, then a single valid licence permits access to the purchased product(s) by all the children in their immediate family (e.g., siblings within the same household).

## Editing

Your purchased product(s) is provided “as is” and on an “as available” basis. This licence grants you permission to edit, adapt, remix, transform, or build upon any parts or aspects of the licensed material (to create so-called “derivatives”). However, any **derivatives** that you create remain subject to the same **sharing restrictions** as the original material (see above), except as provided for by statutory “Fair Use” (US) and/or “Fair Dealing” (UK).

On occasion, *Gill Learning* may offer “non-editable” or “restricted editing” digital products, which are ordinarily, but not exclusively, aimed at non-teachers and non-tutors (e.g., individual students or parents). This is intended to **prevent accidental changes** by users who wish to view their product(s) as “read-only” (e.g., when studying or revising). Such “non-editable” versions will usually be offered to our customers cheaper than their “editable” counterparts, which are aimed primarily at teachers and tutors.

Whilst purchasing the ostensibly “non-editable” version of a digital product does not affect your rights under this licence to edit, adapt, remix, transform, or build upon any parts or aspects of the licensed material, it may not be possible or convenient to do so using conventional software. The aforementioned restriction on sharing derivatives applies in all cases, regardless of which “version” of the product was originally purchased.

### **Limitation of Liability**

*Gill Learning* shall take no liability for your inability to download, open, view, or edit your purchased digital product(s), due to a lack of the correct software, lack of the correct software version, lack of an internet connection, file corruption, or for any other reason whatsoever.

*Gill Learning* shall take no liability for irreparable or irrecoverable editing of your purchased digital product(s) by you, or by anybody else, after your initial download period has expired (see table on Page 1). We **strongly recommend** that you always save and keep an unedited, original copy of your purchased digital product(s), especially prior to making any edits (on a duplicate version).

### **Miscellaneous**

You may **not** do anything that restricts other licensed users from exercising the limited rights afforded to them by this licence.

Throughout the text of this licence, wordings in the singular shall be taken equally to mean the plural whenever appropriate, and vice versa.

We **recommend** that you keep a copy of this licence for your own records.
